REVOLUTION

Redefining the boundaries of superyacht architecture, the 2021 Princess X95 introduces the ground-breaking "Superfly" concept to deliver unprecedented interior volume and luxurious versatility. Crafted in collaboration with Olesinski and Pininfarina, this vessel maximizes open-plan living across its full-length upper deck, seamlessly blending indoor sophistication with sweeping panoramic ocean views. Engineered for powerful, long-range cruising, the Princess X95 provides an extraordinary quality of life at sea, establishing a new benchmark for modern luxury yachting.
