Cockpit - JL Audio waterproof speakers (2) in place of standard with Fusion Apollo ERX400 remote control. Includes 2 x Fusion ARX-70 wireless remotes in black (supplied loose for later fitting)

SPECIFICATION

NAVIGATION

Standard navigation equipment incorporates:

Volvo/Garmin 16" colour multi-function display at helm station incorporating GPS/chart plotter, echo sounder, and log trip as well as engine instrumentation.

Autopilot (with rate gyro) controlled via mfd.

Fuel gauges and helm position indicator are also displayed.

Note: If additional multifunction displays are not specified the single 16" screen is fitted centrally

Second Volvo/Garmin 16" colour multi-function display fitted at helm station

Garmin XHD colour radar with 24", 4Kw Radome (will display on standard 16" screen which allows separate or split displays with standard chart plotter and engine instrumentation)

Garmin GMI20 4" multifunction display at helm (for separate display and control of individual functions e.g. log and echo sounder)

Rest of World version plotter

Garmin AIS Class B transponder interfaced with chartplotters

NB Automatic Identification System Class B both transmits and receives ship identification, position, course and speed information. Please note the AIS installation price does not include final commissioning which must be carried out locally once ship's name, call sign and MMSI number are known

This craft is fitted with a Garmin 315i VHF/DSC with intercom. To ensure correct unit is fitted, please indicate VHF/RT DSC registration.

International VHF

AIRCONDITIONING

Reverse cycle AIR CONDITIONING / HEATING: (54,000 Btu – suitable for temperatures up to 40°C) with controls in all cabins and outlets in all cabins and bathrooms. (Includes additional 50A shore support fitting)

Recommended generator : 11 Kw

MOSQUITO SCREENS

Mosquito screens for portlights

HOLDING TANK / TOILETS

The standard black water tank includes a remote tank contents gauge. The toilets discharge directly into the black water tank. The black water tank has both dockside and manual overboard discharge facilities fitted as standard

As standard all sinks, showers, washing machine (when selected) and dishwasher (when selected) will discharge overboard

Electric discharge

In addition to the manual overboard and dockside discharge facilities an electric overboard discharge system is fitted. The electric overboard discharge system incorporates an electric valve with timer. When the pump is turned on a time delay allows the electric valve to open before the pump starts. When the pump is switched off the valve closes. This means the through hull seacock does not need to be opened/closed every time the pump is switched on. The through hull seacock is itself fitted with a micro

switch which prevents operation of the pump when it is closed. The electric valve has a manual override facility

SPECIFICATION

EXTERIOR UPHOLSTERY / CANVAS / COVERS

Fit reticulated foam to standard exterior seating/sunpad in place of standard

Exterior covers - Grey canvas

Cockpit sun awning with complete full height cockpit cover with telescopic stainless steel support (in place of standard cover) (please specify Grey or Navy Blue)

(Note : sides can be removed leaving top as sun awning).

ACCESSORIES

Princess China (5 piece consisting of plate, side plate, bowl, cup & saucer) - 6 place setting
